## **EVENTS CALENDAR**

\*\*\*\*\*

**AUGUST 17<sup>th</sup>** – This month our Community Outing will be in conjunction with Central Bank Thursday Night Live from 4:30 – 9:00 PM at the Fifth Third Bank Pavilion at Cheapside Park. This is an exciting fundraiser for BCB and an opportunity to receive tips and donations collected from the beer and Pepsi tent! There is no admission charge for this event, so come for a night of great fun and music! Conch Republic will be the featured band for the evening and Theresa Thomas and her husband Michael will be performing and motivating the crowd to support and donate to BCB which is the featured charity of the night! If you are using Wheels to attend the event, ask to be dropped off at 251 W. Main Street (in front of the old courthouse). For those arriving using Wheels, you will need to pay for your first trip, and Emily (at the Pepsi tent) will reimburse you with passes for later. For more information, please call the BCB office at 859-259-1834.

**AUGUST 21<sup>st</sup>** – BCB will be closed this day, so that staff and volunteers can view and experience the Solar Eclipse.

**AUGUST 23<sup>rd</sup>** – The August Peer Support meeting will be from noon – 2:00 PM. Our Peer Support Group presentation will feature Jeremy Smith, Licensed Professional Clinical Counselor. Jeremy’s talk will be about mental health and vision impairment and will touch on some of the ways loss of vision affects our emotional well-being. Please RSVP by noon on Monday, August 21<sup>st</sup> to be sure we will have enough food for everyone at the meeting. Remember, we are closed on the 21<sup>st</sup>, but please leave us a brief message on our voicemail if you will be able to attend.

**AUGUST 31<sup>st</sup> – Seeing AI Demonstration with Sam Seavey will be from 1:00 – 2:00 PM at BCB in the Community Room. Join Sam for an introduction and demonstration of Seeing AI, an amazing new FREE talking camera app for iOS devices. Designed for the low vision community, this revolutionary app harnesses the power of Artificial Intelligence to open the visual world and describe nearby people, text, and objects. To RSVP for this demonstration, call the BCB office at 859-259-1834.**

**AUGUST 31<sup>st</sup> – The Wandering Storytellers will be at the Main Library, 140 East Main Street from 7 – 8:45 PM. Ray Mendenhall is the featured storyteller that evening. After Ray, there will be an open mic and audience members can tell their own 5 to 7 minute stories. A \$5 donation is suggested but not necessary. There is free parking available at the library if you have the librarian stamp your ticket. Due to staff commitments, we are not able to make this an official outing this month so free wheels passes will not be available. Thanks to member Jerry Young for letting us know about this opportunity. The Wandering Storytellers is a local group affiliated with the Kentucky Storytelling Association.**
